Mrs. Belle Hamilton Sues Pittsburg Railways Company

NEGLIGENCE IS CHARGED

Avers That Accident at Beechwood Crossing Was Due to Carelessness

The second suit for damages against the Pittsburg Railways company as the outcome of an accident at Beechwood crossing, near Speers, June 26, 1910 was filed in the Washington county courts yesterday afternoon. The proceedings were entered by Mrs Isabelle Hamilton, whose husband, W. H. Hamilton, a former well known furniture dealer of Roscoe and son Leroy were killed in the accident. The sum of $50,000 is claimed. About two weeks ago suit for damages under the technical head of trespass was entered by George Matheny of McKeesport for injuries to his daughter, Miss Blanhe Matheny who was hurt in the same affair.

The facts of the accident are well remembered. The Premier automobile owned by Mr. Hamilton containing Mr. and Mrs. Hamilton, their children, Leroy A. Hamilton, Annie E Hamilton, Mary B. Hamilton and Robert Hamilton, and their guest Miss Blanche Matheny of McKeesport, was struck by a Pittsburg-Charleroi car. Mr. Hamilton and his son, Leroy Hamilton were instantly killed and the other occupants all seriously injured. Only the least injured, Mary Hamilton and Robert Hamilton have entirely recovered, and it is said Miss Anna Hamilton has lost the sight of one eye. Mrs. Hamilton has to use crutches, it is said in getting about.

Mrs. Hamilton in her statement avers that her husband approached the crossing with all the care and caution of an ordinarily prudent man, and before crossing used and exercised the usual and ordinary care and caution required by law of travelers before crossing a street railway track at a grade-crossing, and that the accident was due to the negligence of the motorman.

For herself and children who survive, Mrs. Hamilton seeks damages to compensate her for the loss of the livelihood given by her husband. McIlvaine and Williams represent the plaintiff.

MONESSEN TIRED OF THE FAKIRS

The council of Monessen has taken a stand against the street fakir, and hereafter no license will be issued to these vendors of various and sundry articles, which in a majority of cases come in competition with those sold by the local merchant. This attitude on the part of the borough officials has met with the commendation of the merchants as well as a large number of the citizens who realize that in a majority of instances the fakir is a nuisance, and who generally sells an article that is not dependable.

Mrs. Lettice Lewis and son William J. Lewis went to Elizabeth this morning for a visit with relatives and friends.

Father Lambert's Funeral Thursday

The funeral of Rev. Louis A. Lambert the noted divine of the Catholic church and a former Monongahela valley man, who died at Newfoundland, N. J., Sunday will be held at Scotsville, N. Y., on Thursday morning at 10 o'clock. Mrs. Helen Molyneaux of Charleroi a niece, and G. S. Hornbake, of Coal Centre, a relative of the deceased will attend the funeral. Mrs. Molyeaux was by the bedside of Father Lambert when he died. Rev. Lambert during his active life became quite prominent nationally through his writings. He was in charge of parishes at Waterloo, N. Y., and at Scottsville, N. Y. at various periods his last pastorate being at the latter place

SCHOOLS NOT CLASSIFIED

Efforts Being Made to Better Systematize Work.

In his visits to country schools of Washington county last week County Superintendent L. R. Crumrine discovered a number of instances which the State school authorities are trying to remedy at present in the better systematizing of the State schools as a whole. In Pennsylvania there is little classification of schools in different districts, so that a child may go from one to the other and practically have to start over. Efforts are being made by teachers of this county to establish a better system in accord with that recommended by the State. The Charleroi system is nearly in vogue with it and little change will be made here.

One of the causes of the trouble in classifyng pupils at the beginning of the term lies at the door of the teacher having charge during the previous term, who fails to leave the standing of the pupils on record for the guidance of the new teacher. The county superintendent is urging all the teachers of Washington county to attend to this at the close of the term now starting.

In the new report books furnished them, are blanks for this purpose, which Superintendent Crumrine is urging and will continue to urge, that the teachers fill out at the close of the term, as it will be of great service to the succeeding teacher.

Caught in a Trap

By sending a boy and a girl of a family for beer, County Detective Wm. McCleary of Monongahela neatly trapped an alleged speakeasy proprietor near that town yesterday. The children got the beer and McCleary arrested Raffael Dentaya, on a charge of illegal liquor selling.

Genuinne

From scarlet fever contracted only last week, the two year old daughter of George Genuinne, of Speers died yesterday afternoon. Another child is ill of the disease.

Miss Stella Hormell of Prospect avenue is spending a few days in Uniontown and vicinity with friends.

KEYSTONE PARTY HAS NO CHANCE

Scully Admits Hopelessness of Carrying on Winning Fight.

HOW SITUATION STANDS

C. D. Scully, Keystone candidate for State Treasurer, and Attorney W. N. McNair from Pittsburg, addressed a meeting of Keystone followers in the court house at Washington last evening. There were about 500 present, and the addresses were characterized by temperate language when reference was made to Congressman J. K. Tener, the Republican candidate for Governor. Former Congressman E. F. Acheson was a conspicuous figure at the meeting, but he had nothing to say except to acknowledge a compliment paid him by one of the speakers, who expressed his appreciation for the good work Mr. Acheson's papers, the Observer and Reporter, are doing for the Keystone ticket.

Not having the vindictive feeling personally for Mr. Tener that Mr. Acheson has, the speakers did not refer to him in the coarse Billingsgate that characterizes the language of the Observer and Reporter. Indeed, Mr. Tener was even referred to as an honest, good hearted big fellow, and the only reflection made on him was that possibly he might have gotten into bad company by being a Republican candidate, an honor which some of the speakers present had attempted to gain but failed. Mr. Scully threw somewhat of a wet blanket on the hopes of the Keystoneites by asserting that to win they would have to break even in Philadelphia and poll 30,000 votes in Allegheny county. As the independents polled but 64,190 to 125,780 for the regular Republican ticket four years ago, with a stronger organizations, a barrel, and more ginger in the campaign, and but 6,094 to 56,572 in Allegheny county, the outlook is rather discouraging.

J. Carter Judson, the Democratic candidate for State Senator, whom the Keystonites indorsed, was also a speaker. He admitted he accepted the nomination as a forlorn hope, but professed to see ecnouragment in the inspiration of the meeting. Robt. K. Aiken, who gave E. F. Acheson such a hard run four years ago, was expected but did not appear. Neither did Henry W. Wilson, the Democratic candidate for Congress, whom the Keystoneites hope to help elect to represent this district.

The meeting closed with an appeal to those present to "see the Keystone county treasurer, Robert L. McCarrell, of the Washington Trust company."

CONTEST PLANNED

Class Initiation of New Members of Lodge to be Held.

At a meeting last night of Charleroi Council No. 1240 Royal Arcanum, captains of two teams were appointed for a membership contest to be waged within the next few weeks. It is proposed to secure a class for initiation at a class initiation night in Pittsburg on December 2, at which time supreme officers will be present.

The captains appointed were Robert Vetter and Joseph Alsopp. Teams will consist of members and the one getting the most members will be served by the team securing the least number with a banquet later in the year. The aim is to secure at least 50 members. At the next meeting of the council a stag euchre will be given.

New Station Under Way

The foundation for the new Lake Erie passenger station acroes the river from Monongahela is completed and the bricklayers will begin work soon.

TEACHER ELECTED BY BOARD

Vacancy Filled in Teaching Corps of Schools.

RESIGNATION IS ACCEPTED

The school board last night filled one vacancy in the teaching force of the schools and by accepting the resignation of Miss Mary Zimmerman, sixth grade teacher of the Fifth street schools, created for the time being another.

The teacher elected was Miss Nina Grove of Sandy Lake, who if she accepts the position, will begin work immediately. She will be given the newly created primary grade in the former Catholic church building. No one was chosen to fill the vacancy caused by the resignation of Miss Zimmerman, and a substitute will be employed temporarly. Miss Zimmerman gave as her reason for resigning the fear that she would not be able to stand the work.

BOY KILLED BY ROLLER

Found Mangled in Field Short Distance From Home.

Charles Linn, a boy aged 15 was killed in a field near his home Monday, four miles from Belle Vernon while driving a team of horses in a road roller. The horses arrived at the stable without the driver and the family, upon investigation, found the badly mangled body of the boy.

How the accident occurred is unexplained but the heavy roller apparently passed over the boy's entire body. Both arms were almost severed and the body and face were crushed. It is supposed the youth fell under the roller. There were no indications that the horses had run away.

CIRCUS HAS MANY STRONG FEATURES

The much talked of Eddys, that famous family of acrobats, are one of the big features with Howe's Great London Shows which comes to Charleroi Saturday, October 8. They are in a class by themselves. They perform feats that have never before been seen in a circus arena, and stand alone as the world's greatest acrobats, their act is creating a sensation everywhere. It is not and cannot be duplicated by any other show. Sugimatoes Imperial Troupe of Athletes making their first tour of America. The Marvelous Musical Elephants, The Peerless Flying Bifcards, Wallett the great London bareback rider, Whitby England's celebrated leaper and his fifteen associates, are some of the novelties which Howe's Great London Shows are offering this season in conjunction with the tamed and wild animal zoo or menagerie which is seen each day in the free street parade with its three bands of music that will traverse the principal streets at ten o'clock in the morning.

Pastors Named

At the conference of the Pittsburg Conference of the Free Methodist church held at Vandergrift yesterday Rev. J. C. Rose and Edna Rose were named as supplies for Belle Vernon, Charleroi and West Brownville.

Empty Craft Arriving

The rains of the past few days have raised the Ohio river sufficiently to permit the return of empty craft that was caught below the Beaver dam. This will enable the mines along the river to run awhile longer.

Miss Blanche Frye was a visitor Sunday in Millsboro with friends.

VALLEY MAN IS ARRESTED CHARGED WITH KIDNAPING

Big Enrollment in Monessen Schools

Monessen school authorities report for the first school month of the term a bigger enrollment than ever before in its history. All the rooms in four buildings are crowded and two rooms have been fitted up temporarily, until the new First ward school is finished The total enrollment at the end of the first month was 1,631 pupils. There are 36 teachers. It is hoped to have the new First ward building ready for occupancy by the first of January.

Charleroi's enrollment is now about 1 900. Figures have not been compiled since the middle of the first school month, where they were 1,853 pupils. Forty-seven teachers, including Supt. J. G. Pentz and the four principals, are employed.

UNIONTOWN PREPARING

Expect Mr. Tener as One of the Honor Guests.

It is expected that John K. Tener of Charleroi, Republican nominee for Governor of Pennsylvania, and party will be in Uniontown October 12, and participate in the celebration being arranged for that and the succeeding day by the Christopher Columbus society of that place. As G. Gentle, the royal consul in Pittsburg will be here on October 13 the local society is feeling proud of the program it is shaping up. This makes a big day for both dates. Charleroi Council No. 953, Knights of Columbus is preparing to attend in a body.

Uniontown will be grandly decorated for the occasion. It is planned to build ten arches, five of which will be decorated in American colors and five in the Italian colors.

Claimed Indiana Girl Was Abducted From Home

CAME FROM KENTUCKY

Former Coal Center Resident In Hiding Short Time in Pittsburg

Charged with having kidnapped Dessa Hartley, a 15 year old girl from her home in Red Keys, Indiana, George Raymond Guyser, a former Monongahela valley man, was arrested while promenading Fifth avenue, Pittsburg, with a handsome young lady yesterday afternoon, and is today being held awaiting the arrival of officers from Indiana to take him to that State. Guyser, who is a married man, was arrested on a description sent out by Sheriff Samuel J. King of Jay county, Indiana. It is claimed that Guyser and his wife separated at Coal Centre six months ago, and he went to Red Keys, Indiana, to secure employment. He became a boarder at the home of the Hartley girl's parents. Soon after his advent into the village he became enamored of the beautiful Dessa Hartley. His attentions to her were forbidden by the girl's parents. Preparations were made to send the girl away to a female seminary, but before this could be done Guyser managed to steal her out of the house in the dead of night.

The couple went to Louisville, Ky., where they remained two weeks. Guyser claims he became separated from the girl in that city, but another story told by him is to the effect that he turned her over to another man who took her to Covington, Ky., from where she sent him a letter stating that she would kill herself if he did not return and take her away from the man keeping her. This letter is now in possession of the authorities.

Guyser came to Pittsburg from Kentucky it seems and was in hiding on the Northside until yesterday. His wife is said to be living at California. Efforts are being made to find the girl he is alleged to have kidnapped.

Good Reason to Fear

Former Congressman E. F. Acheson's personal organ, the Washington Observer, says the Republican State organization is trying to hide behind the protection beastwork, in its effort to meet the attacks of the Keystone party in its co-alition with the Democratic party in an effort to show that it is State issues that are entirely involved, and that, National issues cut no figure in the campaign.

Right here is where it stands the Republicans well in hand to look after the protective fortifications to the great industries of the State. Already the Keystone party has indorsed a doze.. or more Democratic Congressmen in the State and a large number of Democratic Assemtlymen and Senators in the hope of electing a Democratic United States Senator. If that is not bringing national issues into the State campaign, then there never were any issues on national affairs between the two great parties. This is a direct attack upon the industries of the State, and already the prospects of Democratic success in Congress this fall are slowing down the wheels of industry. Commercial reports say that only sixty-five per cent of the United States Steel corporation's capacity is in operation, and only between fifty and sixty per cent of Connellsville field coke ovens are in blast. This is as good an index of the business conditions of the country as exists, and it shows that a waiting period in business is being inaugurated until after election, at least.

The Republicans have nothing to fear in the Gubernatorial contest. Even the most sanguine Berry adherents concede Tener's election, but the aggregation is out to make trouble, and by joining the Democrats in an attack on Congress they are likely to not only make trouble for the Republican party but for the whole country as well. It is time for Pennsylvania to look after its protective breastworks and repel the unholy alliance that is seeking to storm it.

Everyday Precautions

"If a person who has tuberculosis drinks out of a cup and then another person should drink out of the same cup before the cup has been washed, the germ may be transmitted in this way," says James Jenkins, Jr., in Woman's Home Companion for October. "Boiling water kills germs as effectively as an antiseptic, and dishes should never be considered absolutely clean that have not been washed in this way. Two persons should never use the same towel. The plan of individual washstands, which is so commonly used on the continent in Europe, should be more generally adopted in America.

"If you have a telephone in your house, the mouthpiece of the telephone should be cleaned every day, just as we clean the dishes we use on the table, and should be thoroughly disinfected at least twice a week. Germs of pneumonia, bronchitis, tuberculosis and other things may be caught from a telephone.

"A good formula for a disinfectant is a few drops of formaldehyde in a two-ounce bottle of water, adding enough extract of lavender or some other pleasant smelling extract so that the odor remaining after the mouth-piece is cleaned will be agreeable. Any druggist could mix such a disinfectant for you very easily and inexpensively."

As It Should Be

Those so-called Insurgent Republicans who are fighting their battles out at the primary elections have the proper conception of party fealty. The primaries is the only place in party politics for members to air their grievances. This is what primaries are for, and if a party official does not meet with the approval of a majority of his constituents, they have the privilege of putting another, or any number for that matter, in nomination and voting for him. Then, if the primaries are conducted fairly, and they can be if the citizens insist upon the law being obeyed, the proper code of ethics is for the electors to submit gracefully to the will of the majority, and support the ticket nominated by their party co-workers.

The spirit that prompts a minority worker at a primary to jump the party traces simply because he or his candidate was beaten, is not conducive to good citizenship, and rarely receives much support. This spirit is not exercised in the interests of good government, but is for revenge pure and simple. Not being able to get the plum he went after the kicker usually wants to keep the other fellow who beat him out from geting it. This action is so contrary to the American principle of majority rule that is really cuts little figure in results. The candidate who wins out at a fair and square primary, be he regular or insurgent, is entitled to the full party support. He is the candidate of a majorty of his party, and with the primaries open to all qualified party voters, there can be no justified kick over such a nomination.

How to Punctuate

Little Edith returning home from school one day proudly told her mother she had learned how to punctuate.

"How is it done", she was asked.

"When you write 'scat!' you put a hat pin after it, and when you ask a question you put a button hook after it," she replied.

MONESSEN'S BEST STORE

A great deal of excitement is felt among the patrons of Safier's Store, Monessen, and the Fall Openings of this progressive firm are always something of more than ordinary interest and this year promises to be more so, owing to the fact that Mr. Safier has spent much time in New York, Philadelphia and the other markets hunting up the choice bargains for his trade. Another feature of the Safier Opening is the decoration which is always profuse. Mr. Safier's popular manager, Mr. Oberlin, has spared no pains in making the whole store more attractive and interesting than in previous years. Large crowds of Charleroi people are expected to attend as is their usual custom. The opening occurs Wednesday Sept. 28. There will be souvenirs for ladies. 42t1

The Cry of the Age is "Back to the Farm"

With the best market in the world at his door, the intensive farmer located in the Monongahela valley is the wise man of his generation.

Every town has as much need of the small truck, fruit and poultry farms around it as it has for more factories. Such farms make living better and cheaper for the laboring man and more business for the merchant.

I have secured control of a large farm within five minutes walk of the borough limits and will, within the next six weeks, sell it out in small farms. I now have purchasers for about one-half of it and owing to the great demand for small farms near Charleroi expect to close all sales for these farms in a very short time.

A farm big enough for all the boys to work as a truck, poultry and fruit farm while the father works at the mill, can be bought for the price of a cheap town lot. Good country school nearby.

A farm big enough to require the whole time of one intensive farmer can be bought for $500.00. Read the Pittsburg papers about the great land show which will be held there within the next few weeks and learn what can be raised on a few acres of ground by the new methods of intensive farming.

SOUVENIRS TO LADIES

Nothing More to Be Said.

"My wife always lets me have the last word," remarked the meek looking man.

"Indeed!" exclaimed his friend in tones which implied a doubt of the other's veracity.

"She does, really. Whenever I say 'Yes, my dear, you are quite right,' she stops talking immediately.

Her Little Joke.

"When Harold proposed to me," said Maud, "I told him to go and ask papa." "But you don't really care for him!" said Maymie. "Of course not. But I do so love to play little jokes on papa." —Washington Star.

An Open Giver.

Harold's father was in the habit of giving $1 a Sunday to the church. This was put in a numbered envelope in the collection plate and the amount credited to him on the church books. Mr. T. was away for the summer and on his return inclosed his arrears in the envelope and intrusted it to Harold to put on the plate. When the little boy came home from church he said proudly, "I put an awful lot of money on the plate this morning—morn'n anybody else, I guess."

"You got the envelope there all right?" asked his father carelessly, for Harold had been almost afraid to carry so much money.

"Oh, yes," he said, "but I took the envelope off when I got there and just put the money on the plate in my hand. Nobody 'd have known how much I gave if I'd left it in the envelope."

The Homeric Controversy.

It was about the year 1795 that the "Homeric controversy" began. About that date F. A. Wolf, in his Prolegomena, argued that the Homeric poems were composed of independent epic songs, collected and arranged by Pelsistratus about 550 B. C. Wolf's theory created a great stir among scholars and poets and inaugurated the fight which enlisted most of the learned men of the day. Mr. Andrew Lang, in "Homer and the Epic," 1893, vigorously defended the "one author" theory, as opposed to the idea of Wolf that the famous poems were composed through ages by many different persons.—New York American.

PASTORS TO HOLD BIG CONFERENCE

Meeting of Ministers to Feature State Sabbate School Convention.

A unique feature of the coming State Sabbath School Convention to be held in Altoona, October 12, 13 and 14, will be a pastors' congress. The call has gone out to every pastor in the State inviting him to attend this congress. There are about eight thousand ministers serving charges in Pennsylvania. The congress in Altoona will bring together ministers representing all denominations. The theme of the congress will be "Pastoral Leadership in Sunday School Evangelism."

The Sunday school today is looked upon as the greatest evangelizing agency in the church, and greater attention must be given in securing proper conditions under which the Sunday school can do its work. Conservation of effort as well as results is a Sunday school problem of vital interest to all ministers.

W. G. Landes, with headquarters in the Witherspoon Building, Philadelphia, is the general secretary of the State organization; and Mr. Alexander Findley, of Altoona, has charge of the local arrangements for the congress.

The Sunday school platform brings all denominations together and this congress for pastors will do doubt be largely attended. Prominent clergymen from this State and other States will address the congress.

ASKS $50,000 FOR DEATH OF HER HUSBAND AND SON

Mrs. Belle Hamilton Sues Pittsburg Railways Company

NEGLIGENCE IS CHARGED

Avers That Accident at Beechwood Crossing Was Due to Carelessness

The second suit for damages against the Pittsburg Railways company as the outcome of an accident at Beechwood crossing, near Speers, June 26, 1910 was filed in the Washington county courts yesterday afternoon. The proceedings were entered by Mrs Isabelle Hamilton, whose husband, W. H. Hamilton, a former well known furniture dealer of Roscoe and son Leroy were killed in the accident. The sum of $50,000 is claimed. About two weeks ago suit for damages under the technical head of trespass was entered by George Matheny of McKeesport for injuries to his daughter, Miss Blanhe Matheny who was hurt in the same affair.

The facts of the accident are well remembered. The Premier automobile owned by Mr. Hamilton containing Mr. and Mrs. Hamilton, their children, Leroy A. Hamilton, Annie E Hamilton, Mary B. Hamilton and Robert Hamilton, and their guest Miss Blanche Matheny of McKeesport, was struck by a Pittsburg-Charleroi car. Mr. Hamilton and his son, Leroy Hamilton were instantly killed and the other occupants all seriously injured. Only the least injured, Mary Hamilton and Robert Hamilton have entirely recovered, and it is said Miss Anna Hamilton has lost the sight of one eye. Mrs. Hamilton has to use crutches, it is said in getting about.

Mrs. Hamilton in her statement avers that her husband approached the crossing with all the care and caution of an ordinarily prudent man, and before crossing used and exercised the usual and ordinary care and caution required by law of travelers before crossing a street railway track at a grade-crossing, and that the accident was due to the negligence of the motorman.

For herself and children who survive, Mrs. Hamilton seeks damages to compensate her for the loss of the livelihood given by her husband. McIlvaine and Williams represent the plaintiff.

MONESSEN TIRED OF THE FAKIRS

The council of Monessen has taken a stand against the street fakir, and hereafter no license will be issued to these vendors of various and sundry articles, which in a majority of cases come in competition with those sold by the local merchant. This attitude on the part of the borough officials has met with the commendation of the merchants as well as a large number of the citizens who realize that in a majority of instances the fakir is a nuisance, and who generally sells an article that is not dependable.

Mrs. Lettice Lewis and son William J. Lewis went to Elizabeth this morning for a visit with relatives and friends.

Father Lambert's Funeral Thursday

The funeral of Rev. Louis A. Lambert the noted divine of the Catholic church and a former Monongahela valley man, who died at Newfoundland, N. J., Sunday will be held at Scotsville, N. Y., on Thursday morning at 10 o'clock. Mrs. Helen Molyneaux of Charleroi a niece, and G. S. Hornbake, of Coal Centre, a relative of the deceased will attend the funeral. Mrs. Molyeaux was by the bedside of Father Lambert when he died. Rev. Lambert during his active life became quite prominent nationally through his writings. He was in charge of parishes at Waterloo, N. Y., and at Scottsville, N. Y. at various periods his last pastorate being at the latter place

SCHOOLS NOT CLASSIFIED

Efforts Being Made to Better Systematize Work.

In his visits to country schools of Washington county last week County Superintendent L. R. Crumrine discovered a number of instances which the State school authorities are trying to remedy at present in the better systematizing of the State schools as a whole. In Pennsylvania there is little classification of schools in different districts, so that a child may go from one to the other and practically have to start over. Efforts are being made by teachers of this county to establish a better system in accord with that recommended by the State. The Charleroi system is nearly in vogue with it and little change will be made here.

One of the causes of the trouble in classifyng pupils at the beginning of the term lies at the door of the teacher having charge during the previous term, who fails to leave the standing of the pupils on record for the guidance of the new teacher. The county superintendent is urging all the teachers of Washington county to attend to this at the close of the term now starting.

In the new report books furnished them, are blanks for this purpose, which Superintendent Crumrine is urging and will continue to urge, that the teachers fill out at the close of the term, as it will be of great service to the succeeding teacher.

Caught in a Trap

By sending a boy and a girl of a family for beer, County Detective Wm. McCleary of Monongahela neatly trapped an alleged speakeasy proprietor near that town yesterday. The children got the beer and McCleary arrested Raffael Dentaya, on a charge of illegal liquor selling.

Genuinne

From scarlet fever contracted only last week, the two year old daughter of George Genuinne, of Speers died yesterday afternoon. Another child is ill of the disease.

Miss Stella Hormell of Prospect avenue is spending a few days in Uniontown and vicinity with friends.

KEYSTONE PARTY HAS NO CHANCE

Scully Admits Hopelessness of Carrying on Winning Fight.

HOW SITUATION STANDS

C. D. Scully, Keystone candidate for State Treasurer, and Attorney W. N. McNair from Pittsburg, addressed a meeting of Keystone followers in the court house at Washington last evening. There were about 500 present, and the addresses were characterized by temperate language when reference was made to Congressman J. K. Tener, the Republican candidate for Governor. Former Congressman E. F. Acheson was a conspicuous figure at the meeting, but he had nothing to say except to acknowledge a compliment paid him by one of the speakers, who expressed his appreciation for the good work Mr. Acheson's papers, the Observer and Reporter, are doing for the Keystone ticket.

Not having the vindictive feeling personally for Mr. Tener that Mr. Acheson has, the speakers did not refer to him in the coarse Billingsgate that characterizes the language of the Observer and Reporter. Indeed, Mr. Tener was even referred to as an honest, good hearted big fellow, and the only reflection made on him was that possibly he might have gotten into bad company by being a Republican candidate, an honor which some of the speakers present had attempted to gain but failed. Mr. Scully threw somewhat of a wet blanket on the hopes of the Keystoneites by asserting that to win they would have to break even in Philadelphia and poll 80,000 votes in Allegheny county. As the independents polled but 64,190 to 125,780 for the regular Republican ticket four years ago, with a stronger organizations, a barrel, and more ginger in the campaign, and but 6,094 to 56,572 in Allegheny county, the outlook is rather discouraging.

J. Carter Judson, the Democratic candidate for State Senator, whom the Keystonites indorsed, was also a speaker. He admitted he accepted the nomination as a forlorn hope, but professed to see encouragment in the inspiration of the meeting. Robt. K. Aiken, who gave E. F. Acheson such a hard run four years ago, was expected but did not appear. Neither did Henry W. Wilson, the Democratic candidate for Congress, whom the Keystoneites hope to help elect to represent this district.

The meeting closed with an appeal to those present to "see the Keystone county treasurer, Robert L. McCarrell, of the Washington Trust company."

CONTEST PLANNED

Class Initiation of New Members of Lodge to be Held.

At a meeting last night of Charleroi Council No. 1240 Royal Arcanum, captains of two teams were appointed for a membership contest to be waged within the next few weeks. It is proposed to secure a class for initiation at a class initiation night in Pittsburg on December 2, at which time supreme officers will be present.

The captains appointed were Robert Vetter and Joseph Alsopp. Teams will consist of members and the one getting the most members will be served by the team securing the least number with a banquet later in the year. The aim is to secure at least 50 members. At the next meeting of the council a stag euchre will be given.

New Station Under Way

The foundation for the new Lake Erie passenger station across the river from Monongahela is completed and the bricklayers will begin work soon.

TEACHER ELECTED BY BOARD

Vacancy Filled in Teaching Corps of Schools.

RESIGNATION IS ACCEPTED

The school board last night filled one vacancy in the teaching force of the schools and by accepting the resignation of Miss Mary Zimmerman, sixth grade teacher of the Fifth street schools, created for the time being another.

The teacher elected was Miss Nina Grove of Sandy Lake, who if she accepts the position, will begin work immediately. She will be given the newly created primary grade in the former Catholic church building. No one was chosen to fill the vacancy caused by the resignation of Miss Zimmerman, and a substitute will be employed temporarly. Miss Zimmerman gave as her reason for resigning the fear that she would not be able to stand the work.

BOY KILLED BY ROLLER

Found Mangled in Field Short Distance From Home.

Charles Linn, a boy aged 15 was killed in a field near his home Monday, four miles from Belle Vernon while driving a team of horses in a road roller. The horses arrived at the stable without the driver and the family, upon investigation, found the badly mangled body of the boy.

How the accident occurred is unexplained but the heavy roller apparently passed over the boy's entire body. Both arms were almost severed and the body and face were crushed. It is supposed the youth fell under the roller. There were no indications that the horses had run away.

CIRCUS HAS MANY STRONG FEATURES

The much talked of Eddys, that famous family of acrobats, are one of the big features with Howe's Great London Shows which comes to Charleroi Saturday, October 8. They are in a class by themselves. They perform feats that have never before been seen in a circus arena, and stand alone as the world's greatest acrobats, their act is creating a sensation everywhere. It is not and cannot be duplicated by any other show. Sugimatoes Imperial Troupe of Athletes making their first tour of America. The Marvelous Musical Elephants, The Pearless Flying Bifcards, Wallett the great London bareback rider, Whitby England's celebrated leaper and his fifteen associates, are some of the novelties which Howe's Great London Shows are offering this season in conjunction with the tamed and wild animal zoo or menagerie which is seen each day in the free street parade with its three bands of music that will traverse the principal streets at ten o'clock in the morning.

Pastors Named

At the conference of the Pittsburg Conference of the Free Methodist church held at Vandergrift yesterday Rev. J. C. Rose and Edna Rose were named as supplies for Belle Vernon, Charleroi and West Brownville.

Empty Craft Arriving

The rains of the past few days have raised the Ohio river sufficiently to permit the return of empty craft that was caught below the Beaver dam. This will enable the mines along the river to run awhile longer.

Big Enrollment in Monessen Schools

Monessen school authorities report for the first school month of the term a bigger enrollment than ever before in its history. All the rooms in four buildings are crowded and two rooms have been fitted up temporarily, until the new First ward school is finished The total enrollment at the end of the first month was 1,631 pupils. There are 26 teachers. It is hoped to have the new First ward building ready for occupancy by the first of January.

Charleroi's enrollment is now about 1 900. Figures have not been compiled since the middle of the first school month, where they were 1,853 pupils. Forty-seven teachers, including Supt. J. G. Pentz and the four principals, are employed.

UNIONTOWN PREPARING

Expect Mr. Tener as One of the Honor Guests.

It is expected that John K. Tener of Charleroi, Republican nominee for Governor of Pennsylvania, and party will be in Uniontown October 12, and participate in the celebration being arranged for that and the succeeding day by the Christopher Columbus society of that place. As G. Gentle, the royal consul in Pittsburg will be here on October 13 the local society is feeling proud of the program it is shaping up. This makes a big day for both dates. Charleroi Council No. 953, Knights of Columbus is preparing to attend in a body.

Uniontown will be grandly decorated for the occasion. It is planned to build ten arches, five of which will be decorated in American colors and five in the Italian colors.

GOOD RECORD IS MADE FOR SEASON

Claimed Indiana Girl Was Abducted From Home

CAME FROM KENTUCKY

Former Coal Center Resident In Hiding Short Time in Pittsburg

Charged with having kidnapped Dessa Hartley, a 15 year old girl from her home in Red Keys, Indiana, George Raymond Guyser, a former Monongahela valley man, was arrested while promenading Fifth avenue, Pittsburg, with a handsome young lady yesterday afternoon, and is today being held awaiting the arrival of officers from Indiana to take him to that State. Guyser, who is a married man, was arrested on a description sent out by Sheriff Samuel J. King of Jay county, Indiana. It is claimed that Guyser and his wife separated at Coal Centre six months ago, and he went to Red Keys, Indiana, to secure employment. He became a boarder at the home of the Hartley girl's parents. Soon after his advent into the village he became enamored of the beautiful Dessa Hartley. His attentions to her were forbidden by the girl's parents. Preparations were made to send the girl away to a female seminary, but before this could be done Guyser managed to steal her out of the house in the dead of night.

The couple went to Louisville, Ky., where they remained two weeks. Guyser claims he became separated from the girl in that city, but another story told by him is to the effect that he turned her over to another man who took her to Covington, Ky., from where she sent him a letter stating that she would kill herself if he did not return and take her away from the man keeping her. This letter is now in possession of the authorities.

Guyser came to Pittsburg from Kentucky it seems and was in hiding on the Northside until yesterday. His wife is said to be living at California. Efforts are being made to find the girl he is alleged to have kidnapped.

LITERARY SOCIETY, SPELLIN' BEE TOO

With all the embellishments of the old fashioned literary society meeting, including the famous spelling bee, a literary social will be given in the Methodist Episcopal church Friday evening by the Epworth League. Good Reason to Fear

Former Congressman E. F. Acheson's personal organ, the Washington Observer, says the Republican State organization is trying to hide behind the protection beastwork, in its effort to meet the attacks of the Keystone party in its co-alition with the Democratic party in an effort to show that it is State issues that are entirely involved, and that, National issues cut no figure in the campaign.

Right here is where it stands the Republicans well in hand to look after the protective fortifications to the great industries of the State. Already the Keystone party has indorsed a dozen or more Democratic Congressmen in the State and a large number of Democratic Assemblymen and Senators in the hope of electing a Democratic United States Senator. If that is not bringing national issues into the State campaign, then there never were any issues on national affairs between the two great parties. This is a direct attack upon the industries of the State, and already the prospects of Democratic success in Congress this fall are slowing down the wheels of industry. Commercial reports say that only sixty-five per cent of the United States Steel corporation's capacity is in operation, and only between fifty and sixty per cent of Connellsville field coke ovens are in blast. This is as good an index of the business conditions of the country as exists, and it shows that a waiting period in business is being inaugurated until after election, at least.

The Republicans have nothing to fear in the Gubernatorial contest. Even the most sanguine Berry adherents concede Tener's election, but the aggregation is out to make trouble, and by joining the Democrats in an attack on Congress they are likely to not only make trouble for the Republican party but for the whole country as well. It is time for Pennsylvania to look after its protective breastworks and repel the unholy alliance that is seeking to storm it.

Everyday Precautions

"If a person who has tuberculosis drinks out of a cup and then another person should drink out of the same cup before the cup has been washed, the germ may be transmitted in this way," says James Jenkins, Jr., in Woman's Home Companion for October. "Boiling water kills germs as effectively as an antiseptic, and dishes should never be considered absolutely clean that have not been washed in this way. Two persons should never use the same towel. The plan of individual washstands, which is so commonly used on the continent in Europe, should be more generally adopted in America.

"If you have a telephone in your house, the mouthpiece of the telephone should be cleaned every day, just as we clean the dishes we use on the table, and should be thoroughly disinfected at least twice a week. Germs of pneumonia, bronchitis, tuberculosis and other things may be caught from a telephone.

"A good formula for a disinfectant is a few drops of formaldehyde in a two-ounce bottle of water, adding enough extract of lavender or some other pleasant smelling extract so that the odor remaining after the mouth-piece is cleaned will be agreeable. Any druggist could mix such a disinfectant for you very easily and inexpensively."

As It Should Be

Those so-called Insurgent Republicans who are fighting their battles out at the primary elections have the proper conception of party fealty. The primaries is the only place in party politics for members to air their grievances. This is what primaries are for, and if a party official does not meet with the approval of a majority of his constituents, they have the privilege of putting another, or any number for that matter, in nomination and voting for him. Then, if the primaries are conducted fairly, and they can be if the citizens insist upon the law being obeyed, the proper code of ethics is for the electors to submit gracefully to the will of the majority, and support the ticket nominated by their party co-workers.

The spirit that prompts a minority worker at a primary to jump the party traces simply because he or his candidate was beaten, is not conducive to good citizenship, and rarely receives much support. This spirit is not exercised in the interests of good government, but is for revenge pure and simple. Not being able to get the plum he went after the kicker usually wants to keep the other fellow who beat him out from geting it. This action is so contrary to the American principle of majority rule that is really cuts little figure in results. The candidate who wins out at a fair and square primary, be he regular or insurgent, is entitled to the full party support. He is the candidate of a majorty of his party, and with the primaries open to all qualified party voters, there can be no justified kick over such a nomination.

How to Punctuate

Little Edith returning home from school one day proudly told her mother she had learned how to punctuate.

"How is it done", she was asked.

"When you write 'scat!' you put a hat pin after it, and when you ask a question you put a button hook after it," she replied.

MONESSEN'S BEST STORE

A great deal of excitement is felt among the patrons of Safier's Store, Monessen, and the Fall Openings of this progressive firm are always something of more than ordinary interest and this year promises to be more so, owing to the fact that Mr. Safier has spent much time in New York, Philadelphia and the other markets hunting up the choice bargains for his trade. Another feature of the Safier Opening is the decoration which is always profuse. Mr. Safier's popular manager, Mr. Oberlin, has spared no pains in making the whole store more attractive and interesting than in previous years. Large crowds of Charleroi people are expected to attend as is their usual custom. The opening occurs Wednesday Sept. 28. There will be souvenirs for ladies. 42t1

Shot Out.

Rev. Mr. Waters—Look at Bill Burley, for instance. It was the demon rum that made him the one eyed, low browed sot that he is today. Cactus Charley—Not altogether, parson. It mebbe made him a low browed sot, but it was me that made him one eyed.—Judge.

The Cry of the Age is "Back to the Farm"

With the best market in the world at his door, the intensive farmer located in the Monongahela valley is the wise man of his generation.

Every town has as much need of the small truck, fruit and poultry farms around it as it has for more factories. Such farms make living better and cheaper for the laboring man and more business for the merchant.

I have secured control of a large farm within five minutes walk of the borough limits and will, within the next six weeks, sell it out in small farms. I now have purchasers for about one-half of it and owing to the great demand for small farms near Charleroi expect to close all sales for these farms in a very short time.

A farm big enough for all the boys to work as a truck, poultry and fruit farm while the father works at the mill, can be bought for the price of a cheap town lot. Good country school nearby.

A farm big enough to require the whole time of one intensive farmer can be bought for $500.00. Read the Pittsburg papers about the great land show which will be held there within the next few weeks and learn what can be raised on a few acres of ground by the new methods of intensive farming.

Call at the office of Charles O. Frye, 511 Washington Avenue, and get full particulars.

SOUVENIRS TO LADIES

Nothing More to Be Said.

"My wife always lets me have the last word," remarked the meek looking man.

"Indeed!" exclaimed his friend in tones which implied a doubt of the other's veracity.

"She does, really. Whenever I say 'Yes, my dear, you are quite right,' she stops talking immediately.

Her Little Joke.

"When Harold proposed to me," said Maud, "I told him to go and ask papa." "But you don't really care for him," said Maymie. "Of course not. But I do so love to play little jokes on papa."—Washington Star.

Nothing is little that is our duty, and a common life with homely surroundings is the best discipline for most of us.

An Open Giver.

Harold's father was in the habit of giving $1 a Sunday to the church. This was put in a numbered envelope in the collection plate and the amount credited to him on the church books. Mr. T. was away for the summer and on his return inclosed his arrears in the envelope and intrusted it to Harold to put on the plate. When the little boy came home from church he said proudly, "I put an awful lot of money on the plate this morning—morn'n anybody else, I guess."

"You got the envelope there all right?" asked his father carelessly, for Harold had been almost afraid to carry so much money.

"Oh, yes," he said, "but I took the envelope off when I got there and just put the money on the plate in my hand. Nobody 'd have known how much I gave if I'd left it in the envelope."

The Homeric Controversy.

It was about the year 1795 that the "Homeric controversy" began. About that date F. A. Wolf, in his Prolegomena, argued that the Homeric poems were composed of independent epic songs, collected and arranged by Peisistratus about 550 B. C. Wolf's theory created a great stir among scholars and poets and inaugurated the fight which enlisted most of the learned men of the day. Mr. Andrew Lang, in "Homer and the Epic," 1893, vigorously defended the "one author" theory, as opposed to the idea of Wolf that the famous poems were composed through ages by many different persons.—New York American.

GOOD WAY TO USE HYOMEI FOR CATARRH

Besides breathing through the inhaler a few times a day, many catarrh sufferers writes that they find inhaling Hyomei, pronounce it Hig-o-me, from a bowl of steaming water each night before retiring a great aid in curing stubborn cases.

Fill a bowl half full of boiling water; pour into the water a teaspoonful of Hyomei, cover head and bowl with a towel, and breathe through nose and mouth the pleasant, medicated, antiseptic and healing vapor that arises.

This method relieves that stuffiness at once and makes your head feel fine.

You can get a bottle of Hyomei at Piper Bros. and druggists everywhere for only 50 cents. Ask for extra bottle Hyomei inhalent.

But bear in mind that Hyomei outfit which includes inhale and bottle of Hyomei costs $1.00.

Hyomei is guaranteed by Piper Bros. and druggists everywhere to cure catarrh, sore throat, coughs, colds, asthma and croup, or money back. Try it on that generous basis.

The call has gone out to every pastor in the State inviting him to attend this congress. There are about eight thousand ministers serving charges in Pennsylvania. The congress in Altoona will bring together ministers representing all denominations. The theme of the congress will be "Pastoral Leadership in Sunday School Evangelism."

The Sunday school today is looked upon as the greatest evangelizing agency in the church, and greater attention must be given in securing proper conditions under which the Sunday school can do its work. Conservation of effort as well as results is a Sunday school problem of vital interest to all ministers.

W. G. Landes, with headquarters in the Witherspoon Building Philadelphia, is the general secretary of the State organization; and Mr. Alexander Findley, of Altoona, has charge of the local arrangements for the congress.

The Sunday school platform brings all denominations together and this congress for pastors will do doubt be largely attended. Prominent clergymen from this State and other States will address the congress.

CHURCH LEAGUERS ISSUE CHALLENGE

A picked team of Charleroi Church League players has been formed and have been beating teams around Charleroi in recent games. Now they are after the champion Washington County League team, and have issued a challenge to them, which if accepted will mean a hot battle. The Washington team is a strong aggregation, and the locals would expect a hard game. Neil Motts is the present manager of the Charleroi nine.

The Roosevelt Way

Instead of waiting until after the nominations, and then leading a revolt against his party, because of the control of affairs by certain bosses, Col. Theodore Roosevelt jumps in and leads a fight at the State convention and defeats the bosses for the control of the party machinery. In his speech at the Saratoga convention yesterday, after defeating the old organization at the New York Republican State convention for the control of the party Col. Roosevelt announced that the Republican party would turn their own rascals out, and not wait for the opposition party to do it. New York State is fighting for direct primaries, a law which Pennsylvania has had for some years, and by which the people have within their power at any time they see fit to depose any or all of the present leaders of any of the political organization that have an official standing in the State.

Had those former Republican who are now trying to foment a revolt in their party in Pennylvania adopted Col. Roosevelt's tactics, they would have made a better impression upon the public as to their sincerity of purpose. With every facility that the law can give and safeguard, these disgruntled individuals made no effort before the primaries or nominations to "free the State from the grip of the bosses." There was no organized movement in any of the counties to speak of toward electing State delegates to oppose the present State administration. No hosts moved down on Harrisburg, where the Republican State convention was held, to battle against the alleged bosses who are said to control the nomination of State officers. Had the insurgents or progressives, or whatever they may call themselves, elected but one delegate in any of the [illegible] counties, he could have [illegible] position on the floor of the convention, and would have [illegible] hearing according to the [illegible] usages that prevailed [illegible] most of the delegates were [illegible] and unpledged a leader with the energy and sincerity of Col. Roosevelt could have undoubtedly made an impression upon them.

Nothing, however, was done at the proper time and moment, and now, after all the nominations are made a party of malcontents, whose actions show that they wanted to see whether or not they liked the nominations, are trying to foment rebellion in the party on the charge of public corruption. By waiting until they have absolutely no hope of changing conditions, and then acting at a time when their effort cannot be anything else but futile, there is small chance of ever accomplishing anything in the line of actual reform. Col. Roosevelt is not built that way. When he sees an evil he strikes at its fountain head.

More Truck Farms

The action of a local real estate agent in securing and dividing a nearby farm into small plots, and offering them for sale at moderate prices, is a move that should have an economic bearing on this community. If there is one thing above another that this community needs, it is more truck farming and gardening, and the offering of small holdings of land cheap affords an opportunity not only for working people to get themselves desirable homes, but it also insures them a means of livelihood and independence. A family owning a few acres of land in a community like this has a means of income that industrial depressions cannot effect.

There is no better market for products of the soil anywhere on this continent than along the Monongahela valley, and it can also be truthful asserted that nowhere can this occupation be so successfully pursued. Fertilizer in abundance can be had for hauling it away, and there is special opportunity for applying modern and scientific methods. The State Agricultural Department will give all kinds of advice founded on practical experience, and will make special analysis of the soil to learn what the land needs or what crops can be grown to advantage. A multiplication of truck farms in this immmediate vicinity would not only be highly profitable to those who work them, but it would benefit the whole community as well.

Give Them a Ride

The commissioners of Westmoreland county will be at Monessen today, and as guests of the board of trade of that town will be taken over the road leading to Pricedale, and the river road between Monessen and Belle Vernon. Monessen wants these roads improved by State and county aid, and the object of taking the commissioners over the roads is to show them the necessity of the proposed improvements. There is not the slightest doubt but what if the commissioners of Washington county were driven over the river road between here and California they would admit that the road was decidedly in need of improvement. Perhaps if they made the journey and were shown the populous centres along the way, and had the advantages of better communication between these points preached into them, they might be moved to give a portion of this route the preferences in the improvements that can be made from year to year by both the county and State. Monessen is trying out the proposition.

COUNTY PREPARES TO DRILL ANOTHER WELL

Controller John H. Moffitt has advertised for bids for the drilling of another gas well on either the County or Children's home properties. The bids are to be in by October 18, 1910. The county recently completed a well on the County home farm, secured a good supply of gas and it is being used. The county hopes to save considerable in a year's time on the gas supplied to the Children's and County homes. The object of drilling another well is to save the first well; that is, not to be compelled continually to draw on the one well, but permit one well to stand in reserve, while the other is furnishing the supply, and thus protect the lives of both wells. The first well was put down at a very reasonable cost. The contract calls for the drilling of a well 2,500 feet in depth or more if necessary.

DO IT NOW

Charleroi People Should Not Wait Until It Is too Late

The appalling death rate from kidney disease is due in some cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms give place to chronic disorders and the sufferer goes gradually into the grasp of diabetes, dropsy, Bright's disease, gravel or some other serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—cure where others fail. Over one hundred thousand people have recommended them. Here's a case at home:

Mrs. Brice Ray, 121 Prospect avenue, Charleroi, Pa., says: "I can speak as highly of Doan's Kidney Pills at the present time as when I publicly recommended them in 1907. At that time I told of the great benefit a member of my family had received from the use of this remedy, procured at Piper Bros.' Drug Store. On several occasions since then, the person referred to has taken this remedy with the best of results."

The Cry of the Age is "Back to the Farm"

With the best market in the world at his door, the intensive farmer located in the Monongahela valley is the wise man of his generation.

Every town has as much need of the small truck, fruit and poultry farms around it as it has for more factories. Such farms make living better and cheaper for the laboring man and more business for the merchant.

I have secured control of a large farm within five minutes walk of the borough limits and will, within the next six weeks, sell it out in small farms. I now have purchasers for about one-half of it and owing to the great demand for small farms near Charleroi expect to close all sales for these farms in a very short time.

A farm big enough for all the boys to work as a truck, poultry and fruit farm while the father works at the mill, can be bought for the price of a cheap town lot. Good country school nearby.

A farm big enough to require the whole time of one intensive farmer can be bought for $500.00. Read the Pittsburg papers about the great land show which will be held there within the next few weeks and learn what can be raised on a few acres of ground by the new methods of intensive farming.

SOUND WARNING TO WAGE EARNERS

What Democratic Victory Would Mean to Pennsylvanians.

VAST INTERESTS AT STAKE

Prosperity Under Protection and Distress and Free Soup Houses Under Cleveland Regime.

A boastful and blatant Democracy throughout the country is not only declaring that the next house of congress will be Democratic, but is predicting that the successor to President Taft will be a Democrat.

Late election returns have unquestionably given the Democrats great encouragement, and reports from certain states until recently reliably Republican put the result in November in doubt. Thoughtful men, while dreading the outcome, are at a loss to understand how the great American people could return to power a party which has caused so much misfortune and distress, both to the business interests and the wage-earners of the Union.

It has only been within the last few weeks that the citizens of Pennsylvania have apparently begun to realize the serious nature of the situation, and there are evidences upon every hand that the voters of the Keystone State will not be carried away with the tide of heresy and fanaticism that is sweeping over the country.

Warnings are going out in every direction that Pennsylvania must stand firm: that this bulwark of Republicanism must remain unshaken and that every vote must be polled, so that the election returns shall sound a trumpet blast to the world that the sane and sober citizenship of the Keystone State has rallied again around the banner of true Republicanism and protection.

Pennsylvania as the foremost industrial state has more at stake than any other commonwealth, and her vast army of wage-earners, the workers in the mills and the mines, realize the interest each and every one of them has in a continuance of Republican domination of the affairs of the state and the nation.

A Pennsylvania Tariff.

The tariff is more of a vital issue today than it has been at any time in the last decade.

The tariff act recently framed and now in force were drafted with particular reference to the fostering of Pennsylvania interests, with Senators Penrose and Oliver and a united Pennsylvania Republican delegation unflinchingly adhering to the policy of protecting the business and industrial enterprises of their home state, until the bill became a law with these interests all protected.

If this tariff, with the few minor changes proposed, shall be allowed to stand, Pennsylvania wage-earners and Pennsylvania capitalists can look forward to an unprecedented period of prosperity.

But the advance agents of business demoralization, of closed mills and mines and of shut down factories and workshops of every description are abroad in every state. They are preaching Democracy and disseminating false and misleading doctrines, and especially are they holding out false hopes to the workingmen, upon whom they count to swing the elections in every debatable district. To the Democratic politicians they are holding out promises of postmasterships and other federal patronage.

They make no mention of the sorrows and sadness that followed the last national Democratic triumph in this country. They do not tell of the popular distress and the destruction of manufacturing, commercial and all other lines of business brought about through the enactment of the Democratic tariff bill.

They show no pictures of the free soup houses that had to be established by charitable individuals and, in some cases, by municipalities where thousands of men, women and children were out of employment for many months, many of them in a starving condition, children without shoes or clothing, and families evicted for non-payment of rent.

Pennsylvania voters will be called upon at the coming election to send men to congress who will stand by the Taft administration and resist every effort to change or amend the tariff, especially those provisions inserted to protect Pennsylvania capital and Pennsylvania wage-earners.

Elect Republicans to Congress.

Pennsylvania must elect Republican congressmen to block the schemes of the Democrats, who will without doubt be sent from many doubtful districts in other states.

Pennsylvania must, by the size of her Republican majority for John K. Tener, nominee for governor, and his colleagues on the Republican state ticket, emphasize the fealty of this state to the cause of Republicanism and the loyalty of the Republicans of the state to the national administration.

Should the Democrats be successful in November in electing a majority of the members of the next national house of representatives, a disastrous period of two years to the mercantile and manufacturing interests would inevitably ensue, and if this period be followed by the election of a Democratic president a calamity would befall the country far greater than was experienced following the last Democratic presidential victory.

Warnings now going out to wage-earners from the most intelligent of the men affiliated with labor organizations point out that now is the time to avert the disaster.

Business men, appreciating the commercial and industrial heights this country has reached during the last twelve years, and the scope and magnitude of our foreign trade, demand that Pennsylvania shall remain steadfast to the cause of Republicanism for their own protection and the safety and salvation of the millions of citizens of this prosperous commonwealth.

Pennsylvania, the Gibraltar of national Republicanism, it is predicted, will roll up a tremendous Republican majority on Nov. 8 and will send practically a solid Republican delegation to congress.

BERRY IS JOLTED BY MANY BOLTERS

Hot Over Desertion by Former Treasurer Sheatz.

HE HELPED FORM PARTY

Control of Movement by Bryan Democrats Too Much For Independent Republicans.

A series of desertions from the Keystone Party last week greatly embarrassed the Berry campaigners.

The trouble was due to the fact that the coterie of Bryan Democrats who have captured the independent organization persist in indorsing Democrats for congress and the legislature. This is resented by independent Republicans, few of whom have any heart in the movement since a Democrat, Berry, was put at the head of their ticket.

The most sensational break from the Berry forces was the resignation of former State Treasurer John O. Sheatz, who was one of the organizers of the Keystone Party and was chairman of its first committee on organization.

Sheatz wanted an independent Republican named for governor by the Keystone Party. He took an active part in the convention, but he and his associates were defeated by the Democratic combination headed by Eugene C. Bonniwell, who landed Berry at the head of the ticket. Then they put up Casey and Scully for secretary of internal affairs and state treasurer respectively, leaving but one independent Republican, Gibboney, on the ticket. He is supposed to be running for lieutenant governor.

Too Much Democracy.

Following up their victory in the convention, the Berryites have indorsed a big batch of Democrats for congress.

In resigning from the Keystone county committee of Montgomery, Charles Heber Clark, who was a prominent delegate in the Keystone Party's state convention, wrote a scathing letter in denunciation of the indorsement of Diffenderfer, Democrat, for congress on the Keystone ticket, in which, among other things, he says:

"I will never permit myself to be used for the undermining of the national house of representatives of that protective tariff system which, in my judgment, is of vital importance to the welfare, not only of wage-earners, but of all the people of the land. I am confident that the election of a majority of Democrats, or even a majority of fanatical tariff revisionists, to the next congress will produce widespread depression of business and inflict hurt upon multitudes of innocent people. My hands shall be free from the guilt of helping to produce that great calamity."

On the following day, former State Treasurer Sheatz sent a letter to State Chairman Thomas L. Hicks, requesting that his name be taken from the list of the committee.

Mr. Sheatz in commenting upon his action said he resigned because he is a Republican. He found that his business associates in Philadelphia, members of the Manufacturers' club, the Union League and other organizations, are virtually all going to vote for John K. Tener for governor and the full Republican ticket. Many independents who started out with the Keystone Party when Mr. Sheatz was temporary chairman of the state committee of the Keystone Party and formally opened the state convention, have since come out for Tener for governor.

Former Congressman H. B. Parker, of Tioga, who was named on the Keystone Party state committee, was among the first to decline the appointment. He is a Republican who cannot stand for the Berry-Bonniwell Democratic outfit.

The Berry movement is practically without organization. In many counties they have been unable to organize meetings, and in others Berry has gone to find no preparations made to receive him or to notify the people that he was coming.

Six different makes of shoes in three months only to throw them away, was almost desperate until she found the Red Cross Shoe
The following letter is typical of the experiences of so many women that we asked to publish it:—
"I have been wearing the Red Cross Shoe for two years. I had, previous to finding the Red Cross Shoe, purchased and cast aside six different makes in about three months and was almost desperate over not being able to get comfortable shoes. Now I always call for the Red Cross Shoe".
If *you* want to know what real comfort is, wear the Red Cross Shoe this season.
Tanned by the special Red Cross process
The Red Cross sole is tanned by a special process which preserves all the natural life and suppleness of the leather. Though of regular thickness this sole is so supple you can bend it double when new.
This entirely prevents the burning and "drawing" stiff soles cause. The moment you put it on, you notice the difference — it is so easy on your feet. High Shoes $4, $4.50 and $5. Oxfords $3.50 and $4.
